BESPOKE LINENS & SOFT FURNISHINGS FOR YACHTS

Custom is our standard.

Measured aboard. Cut to the vessel, not to a size chart.
Delivered to your dock.

THE MIRA APPROACH

No two berths alike.

The mattress is sized to the stateroom. The settee wraps a corner. The cabin was drawn by a designer, not a bedding company. So we sew each piece to the vessel, not to a size chart.

We come from the yacht business, brokerage, delivery and management, and we built MIRA the way we always wished a supplier would work. Direct sourcing from the mills. Honest pricing. Custom sizing as the default, not an upsell.

Our cotton comes from Turkey's Aegean coast, where it has been spun and woven for centuries. 100% long-staple, finished by weaving families who have done this for generations. We work directly with the mill, inspect every order ourselves, then ship straight to you. Nothing in between.

DIRECT SOURCING

Straight from Turkey's finest mills, no middleman.

HONEST PRICING

Luxury hand feel, without the dockside markup

Bed Linens

From the master suite to the crew quarters, custom made and embroidered to your specs. No up-charge, ever.

Sheet Sets

Percale for crisp and cool, sateen for silk and drape. Guest cabins take the higher counts; crew berths run lower and launder harder.

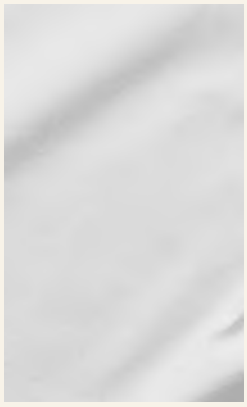

MODEL	WEAVE	HAND	REF.

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

Aegean Percale Sheet Set

REF. MIRA-BL-001

WEAVE
160TC plain weave

FIBER
100% Aegean long-staple cotton

HAND
Crisp, cool, breathable

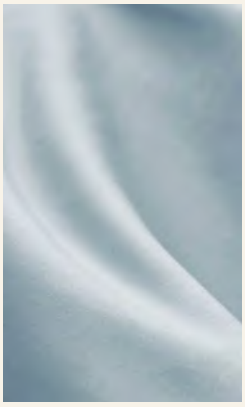

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

The everyday percale for guest cabins. Crisp against the skin, launders hard and holds its hand season after season.

Terra Sateen Sheet Set

REF. MIRA-BL-002

WEAVE
300TC sateen

FIBER
100% Aegean long-staple cotton

HAND
Silky, smooth, lustrous

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

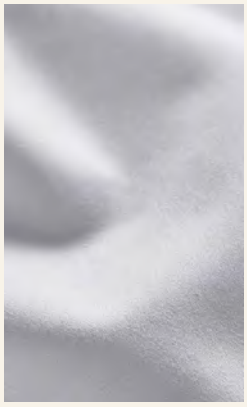

Quietly luxurious. A soft, lustrous sateen that stays cool and drapes with weight, specified for master and VIP cabins.

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

Exclusive Sateen Sheet Set

REF. MIRA-BL-003

WEAVE
300TC sateen, double-ply

FIBER
100% Aegean long-staple cotton

HAND
Dense, hotel weight, lustrous

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

The heaviest hand in the range. A double-ply compact yarn woven at 300TC gives a dense, weighty drape and a deep lustre, the sheet for an owner's cabin that should feel like the best hotel they have ever stayed in.

Signature Percale Sheet Set

REF. MIRA-BL-004

WEAVE
145TC percale, plain weave

FIBER
100% Aegean long-staple cotton

HAND
Light, cool, easy care

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

The lightest everyday percale. Cool and quick to launder, it turns over fast between charters and holds up to heavy use, which is why it ends up in crew berths and high-turnover guest cabins alike.

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

Triple Line Sateen Sheet Set

REF. MIRA-BL-005

WEAVE
300TC cotton sateen, single ply

FIBER
100% long-staple Aegean cotton

HAND
Smooth, tailored

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

Three fine embroidered lines run along the turn-back of the flat sheet and each pillowcase, in sand, pale gray or navy. It is the quietest way to give a white berth a finish, and it matches the same detail on the towels.

Washed Linen Sheet Set

REF. MIRA-BL-006

WEAVE
Washed linen

FIBER
100% European flax linen

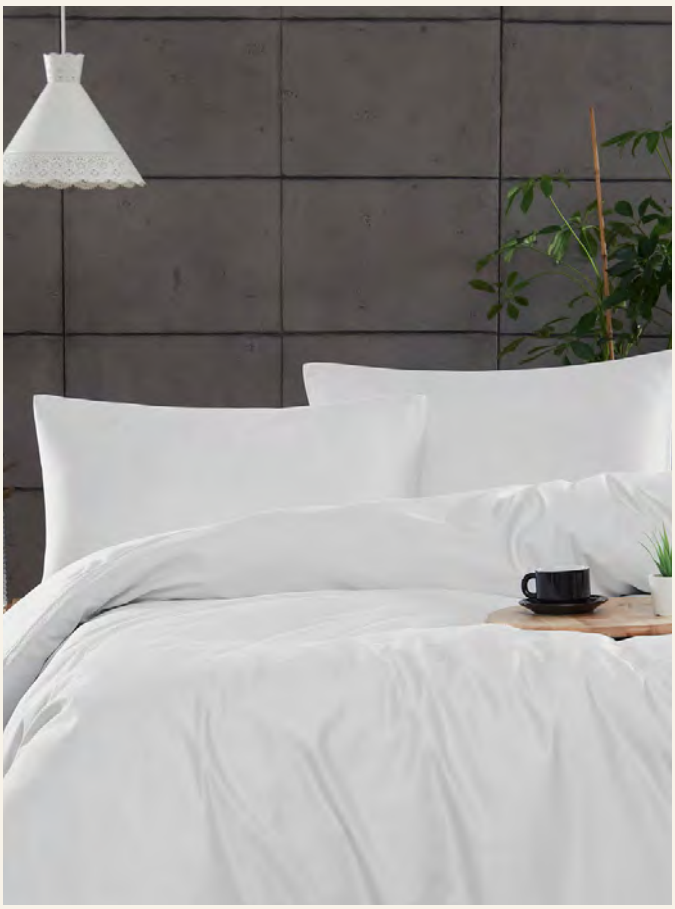

HAND
Relaxed, cool

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

For owners who want the bed to look lived in rather than pressed. Stone-washed linen in ivory, oatmeal or pale sage, soft from the first night and cooler than cotton in August. It creases the way linen should, so nothing needs ironing at anchor.

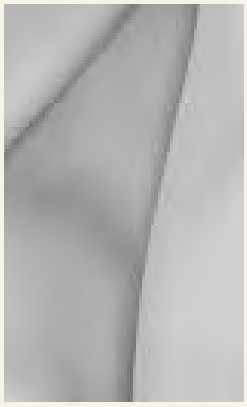

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

Harbor Gray Sateen Sheet Set

REF. MIRA-BL-007

WEAVE
210TC sateen, 40/1 compact, satin stripe

FIBER
100% Aegean long-staple cotton

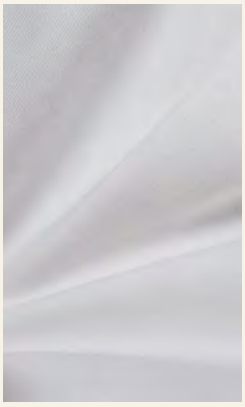

HAND
Smooth, soft grey

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

A soft harbor gray, the most versatile of the colored sateens. It sits quietly against almost any interior palette and hides the wear of a working season better than white, without giving up the sateen lustre.

Deluxe Sateen Sheet Set

REF. MIRA-BL-008

WEAVE
250TC sateen, plain or satin stripe

FIBER
100% Aegean long-staple cotton

HAND
Dense, smooth drape

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

A step up in density from the everyday sateen, offered plain or with a satin stripe. The middle of the range and the safe specification for a full guest-cabin refit, luxurious in the hand without the weight of the Exclusive.

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

Corded Edge Sateen Sheet Set

REF. MIRA-BL-009

WEAVE
400TC cotton sateen

FIBER
100% long-staple Aegean cotton

HAND
Smooth, crisp

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

The tailored end of the sateen range. A fine cord runs along the turn-back of the flat sheet and around each pillowcase, in white or a thread matched to the boat. It holds a crisp line on a made berth and reads as detail rather than decoration.

Named Cuff Percale Sheet Set

REF. MIRA-BL-010

WEAVE
300TC cotton percale

FIBER
100% long-staple Aegean cotton

HAND
Crisp, cool

SET
Mattress protector, fitted sheet, flat sheet, duvet cover, 2 pillowcases

The yacht's name where the sheet folds back. Crisp percale with a wide cuff on the flat sheet and each pillowcase, the name or a monogram embroidered in navy or a thread matched to the boat. It shows only when the berth is made, which is when it counts.

A full set covers mattress protector, fitted sheet, flat sheet, duvet cover and two pillowcases. Every piece is also sold on its own.
Cut to the berth at no upcharge; embroidery of the yacht's name or burgee on request. Any design, weight or fabric the yacht needs is made to order.

02

Towels & Bath

The softest, most absorbent towels, robes and pestemals,
with your design language on them.

Terry & Bath

Cotton that drinks and dries. Heavier weights for the guest heads, lighter for tenders, pools and beach use.

Any design, weight or fabric the yacht needs is made to order.

Classic Terry Bath Towel

REF. MIRA-TB-001

WEIGHT
16/1, 550 gsm

YARN
100% Aegean cotton

HAND
Soft, absorbent

SIZES
Bath towel, hair towel, hand towel, face cloth

The everyday set for guest and crew heads. A 16/1 yarn at 550 gsm, soft, absorbent and quick to dry between swims. Each set covers a bath towel, hair towel, hand towel and face cloth, with a bath sheet in place of the bath towel if the boat prefers.

Ultra Plush Bath Towel Set

REF. MIRA-TB-002

WEIGHT
20/2, 600 gsm

YARN
100% Aegean cotton

HAND
Thick, plush

SET
Bath towel, hair towel, hand towel, face cloth

The heaviest towel in the range. A 20/2 yarn at 600 gsm, thick and deep underfoot and in the hand, finished with fine embroidered lines. It holds more water than the 16/1 sets, so it also takes longer to dry.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Bath Sheet

REF. MIRA-TB-003

WEIGHT
550 gsm

YARN
16/1 combed cotton

HAND
Absorbent, oversized

SIZES
Oversized; made to measure

The large-format towel for the master head and the swim platform. Generous enough to wrap fully, woven at a weight that dries a guest without weighing down the laundry, in the same cloth as the classic range.

Gold Border Towel

REF. MIRA-TB-004

WEIGHT
550 gsm

YARN
16/1 combed cotton

HAND
Soft, decorative

SIZES
Bath, hand, face; made to measure

A quiet piece of dressing for the guest head. The same absorbent terry finished with a fine gold-tone woven band, warm against white and cream schemes without tipping into anything showy.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Navy Border Towel

REF. MIRA-TB-005

WEIGHT
550 gsm

YARN
16/1 combed cotton

HAND
Soft, decorative

SIZES
Bath, hand, face; made to measure

The navy counterpart, and the one most boats reach for. A deep navy border frames the white terry and ties the bath into the same palette as the linens and cushions, one mark carried right through the cabin.

House Color Towel Set

REF. MIRA-TB-006

WEIGHT
16/1, 550 gsm

YARN
100% Aegean cotton

HAND
Soft, absorbent

SIZES
Bath, hand, face; made to measure

The same terry as the classic set, held in four house colors rather than white. Metal Coal, Stone Beige, Denim Navy and Soft Shell, so a cabin scheme carries into the head. Any Pantone is dyed to order against a minimum quantity.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Terry Bathrobe

REF. MIRA-TB-007

WEIGHT
400 gsm

DETAIL
Rolled shawl collar

HAND
Hotel weight, plush

SIZES
M–L, L–XL; made to measure

The robe a guest expects to find hanging in the head. A full-weight terry with a rolled shawl collar that reads as a city hotel, cut for warm climates so it never feels heavy coming off the swim platform.

Waffle Bathrobe

REF. MIRA-TB-008

WEIGHT
220 gsm

WEAVE
Open waffle weave

COLORS
White or navy

SIZES
M–L, L–XL; made to measure

The lightweight alternative for the Mediterranean summer. An open waffle weave that breathes and dries fast, folds down small for storage, and layers over swimwear without the bulk of terry.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge. Any design, weight or fabric the yacht needs is made to order.

Bath Mat

REF. MIRA-TB-009

WEIGHT
Specified per order

MADE TO ORDER
Woven to the head

DETAIL
Border and binding to choice

SIZES
Measured aboard; made to order

Every head is a different shape, so the mat is made to order rather than stocked. Weight, pile, border and finish are set per boat, cut to the sole and bound to sit flat underfoot.

Terry Slippers

REF. MIRA-TB-010

CONSTRUCTION
Terry upper, closed toe

YARN
Cotton

DETAIL
Matched to robes and towels

SIZES
S/M, L/XL

The finishing touch that turns a head into a suite. A soft terry slipper with a closed toe, made in the same cloth and colors as the robes and towels so a guest cabin arrives as one coordinated set.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Beach Towel

REF. MIRA-TB-011

WEIGHT
16/1, 550 gsm

YARN
100% Aegean cotton

HAND
Soft, absorbent

SIZES
Bath sheet or standard; made to measure

For the tender, the beach club and the swim platform. Specified in bath sheet size or standard towel size, in any design and any color the boat wants, with the yacht's name or cabin number woven or embroidered in.

Hammam Towel

REF. MIRA-TB-012

WEIGHT
220 gsm

YARN
100% Aegean cotton

HAND
Flat, light, fast-drying

SIZES
Standard; made to measure

The flat-woven Turkish towel, made where it comes from. It dries quickly, folds to almost nothing and works as a towel, a wrap or a throw on the aft deck. Woven in white or with a fine tonal stripe, with hand-knotted fringe.

Standard hotel sizes or cut to your specification. Custom sizes and colors on request, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

03

Duvets

Duvet covers and inserts made exactly as you want them.
Goose down, blends, custom weights.

Down & Natural Fills

Named for the Aegean winds. More down means more warmth for less weight, so the duvet that keeps a guest warm in January doesn't smother them in May.

MODEL	FILL	WEIGHT / TOG	REF.
Meltemi	15% down, 85% feather	Summer, light	MIRA-DV-001
Lodos	30% white duck down	300 g / 5.5 · 400 g / 7.5	MIRA-DV-002
Poyraz	70% white duck down	160 g / 6.5 · 250 g / 10.5	MIRA-DV-003
Karayel	90% white duck down	120 · 180 · 250 g	MIRA-DV-004

Everyday Recycled	Recycled fibre	All-season	MIRA-DV-008
Terra Bamboo	Bamboo fiber	Cool, breathable	MIRA-DV-009
Terra Wool	100% wool	Warm, regulating	MIRA-DV-010

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

Meltemi

REF. MIRA-DV-001

FILL
15% down, 85% feather

WARMTH
Summer, light

SHELL
233TC down-proof Aegean cotton

SIZES
Twin to king; made to measure

Named for the summer wind that cools the Aegean afternoon. The lightest duvet in the range, for warm-climate cruising and guests who sleep hot, with just enough body to feel like a duvet rather than a sheet.

Lodos

REF. MIRA-DV-002

FILL
30% white duck down

WARMTH
300 g / 5.5 tog · 400 g / 7.5 tog

SHELL
233TC down-proof Aegean cotton

SIZES
Twin to king; made to measure

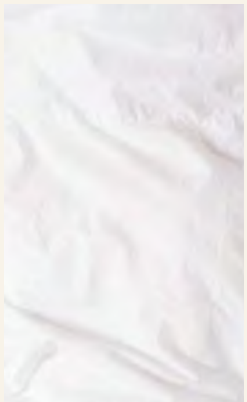

The all-season specification. Two weights cover a full Mediterranean year, from summer light to shoulder-season warmth, so the same cabin can be rebedded without a second set in the locker.

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

Poyraz

REF. MIRA-DV-003

FILL
70% white duck down

WARMTH
160 g / 6.5 tog · 250 g / 10.5 tog

SHELL
233TC down-proof Aegean cotton

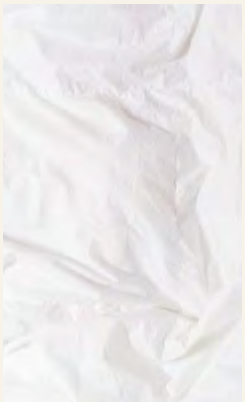

SIZES
Twin to king; made to measure

Named for the cold north wind. A high-down fill that gives real warmth for very little weight, offered summer-light or winter-warm, the duvet for temperate cruising where the nights turn cool but the cabin should never feel heavy.

Karayel

REF. MIRA-DV-004

FILL
90% white duck down

WARMTH
120 g · 180 g · 250 g

SHELL
233TC down-proof Aegean cotton

SIZES
Twin to king; made to measure

The top of the down range, with a 90% down fill. Three weights carry it from a featherweight summer duvet to full winter warmth for northern waters, all with the loft and drape that only a high-down fill gives.

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

Halcyon Nanogel

REF. MIRA-DV-006

FILL
Nanogel microfibre, hypoallergenic

WARMTH
All-season

SHELL
233TC cotton

SIZES
Twin to king; made to measure

Down's softness without the down. A nanogel fill washes easily, holds its loft and gives hypoallergenic comfort for guests who cannot sleep on feathers, the default specification for charter cabins that turn over fast.

Everyday Microfibre

REF. MIRA-DV-007

FILL
HCS microfibre

WARMTH
All-season

SHELL
80 gsm microfibre

SIZES
Twin to king; made to measure

The volume duvet for cabins that cycle hard. A hollow-fibre fill that washes hot, dries quickly and holds its warmth through heavy charter use, the practical choice for crew berths and turnaround stock.

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

Everyday Recycled

REF. MIRA-DV-008

FILL
Recycled fiber

WARMTH
All-season

SHELL
80 gsm microfibre

SIZES
Twin to king; made to measure

The same everyday performance with a lighter footprint. A recycled fill delivers the warmth and easy care of the microfibre duvet, for owners specifying a more sustainable package without giving up on the wash cycle.

Terra Bamboo

REF. MIRA-DV-009

FILL
Bamboo fiber

WARMTH
Cool, breathable

SHELL
Cotton-rich

SIZES
Twin to king; made to measure

A natural fill for sleepers who would rather regulate than insulate. Bamboo runs light and breathable, moving heat away instead of trapping it, the summer duvet for the tropics and for guests who always sleep hot.

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

Terra Wool

REF. MIRA-DV-010

FILL
100% wool

WARMTH
Warm, temperature-regulating

SHELL
Cotton

SIZES
Twin to king; made to measure

Wool does what synthetics imitate. It pulls moisture away, warms without overheating and settles into a steady loft night after night, which matters in a cabin that swings twenty degrees between anchorage and open water.

Summer Cotton

REF. MIRA-DV-011

FILL
200 gsm washed cotton

WARMTH
3 tog, summer

SHELL
Cotton percale

SIZES
Twin to king; made to measure

The duvet for August in the Aegean. A light cotton fill under a fine cotton shell, warm enough for a cabin held at 22 degrees and breathable enough to sleep under without air conditioning. It washes at home and dries fast between charters.

Every duvet measured to the berth at no upcharge. OEKO-TEX and ISO certified mills.
Any design, weight or fabric the yacht needs is made to order.

04

Decorative Pillows

A new sense of style for the boat, indoor and outdoor.
Measured aboard, no upcharge for custom sizing.

Cushions

Embroidered, appliqué and monogrammed. Each cushion cut to the seating so a long banquette reads as one set.

MODEL	DESIGN	REF.

Signature Yacht Name

REF. MIRA-DP-001

BASE
Flax and ivory linen

EMBROIDERY
Yacht name in royal blue

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

The owner's mark, stitched rather than printed. A restrained linen base carries the yacht's name in a single embroidered thread colour, so it reads as part of the interior rather than as branding.

Brush Script Deck

REF. MIRA-DP-002

BASE
Navy canvas

EMBROIDERY
Chalk-white brush script

EDGE
Contrast piped

SIZES
Square and lumbar; made to measure

Built for the sundeck and the tender. A heavier navy canvas that holds colour through salt and sun, with the name or a favourite line lettered loosely in white, the way a signature would be.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Charter Branding

REF. MIRA-DP-003

BASE
Pearl grey

EMBROIDERY
Two-tone house logo

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

The cushion for a charter programme. A calm pearl-grey base carries the operator's mark in two embroidered tones, smart enough for the saloon and consistent enough to reorder in matching runs across a fleet.

Monogram Laurel

REF. MIRA-DP-004

BASE
Oatmeal bouclé

EMBROIDERY
Laurel wreath initials

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

A quiet monogram for the master cabin. Initials sit inside an embroidered laurel wreath on a textured oatmeal bouclé, the kind of detail that reads as personal rather than as branding.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Layered Coral Appliqué

REF. MIRA-DP-005

BASE
Ivory linen

DESIGN
Layered coral appliqué

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

A sculptural take on a nautical motif. Coral is built up in three appliqué weights on an ivory linen ground, so the pattern reads in texture and shadow rather than in colour, at home indoors or on a shaded deck.

Raised Chenille Coral

REF. MIRA-DP-006

BASE
Grey ground

DESIGN
Raised chenille coral

EDGE
Red contrast piping

SIZES
Square and lumbar; made to measure

The warmer, more tactile coral. A raised chenille motif stands off a soft grey ground, finished with a fine red piping that picks the whole cushion up, a livelier note for a sundeck or a children's cabin.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Reversed Nautilus

REF. MIRA-DP-007

BASE
Navy and white pair

DESIGN
Reversed nautilus shell, silver accents

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

A cushion designed to be bought in twos. The nautilus reverses across the pair, navy on white and white on navy, with fine silver accents, so a settee reads as a considered set rather than a single accent.

Roped Anchor

REF. MIRA-DP-009

BASE
Indigo weave

DESIGN
Ivory anchor, cord edge

EDGE
Rope cord

SIZES
Square and lumbar; made to measure

The most overtly nautical piece, handled with restraint. An ivory anchor sits on a deep indigo weave, finished with a rope cord edge, the cushion for a boat that wants the theme stated once and stated well.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Compass Rose

REF. MIRA-DP-010

BASE
Heather grey

EMBROIDERY
Compass rose, charcoal and white

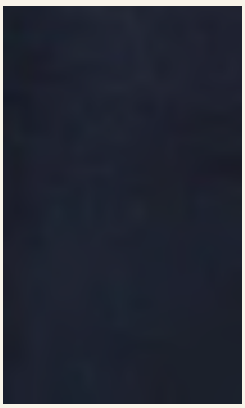

EDGE
Self-piped

SIZES
Square; made to measure

Stitched large enough to read across a cockpit. A charcoal and white compass rose sits on a heather grey ground, made in fours so a U-bench reads evenly from end to end rather than as single scattered accents.

Carrick Bend

REF. MIRA-DP-011

BASE
Navy

EMBROIDERY
Carrick bend knot, white

EDGE
Self-piped

SIZES
Lumbar; made to measure

A working knot rendered strand by strand. The kind of detail that separates a made piece from a bought one, worked in white thread across a navy lumbar so the craft reads up close and the shape reads from across the saloon.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Ketch, Rope-Laced

REF. MIRA-DP-012

BASE
Cream canvas

DESIGN
Ketch under sail, navy rope-laced edge

EDGE
Cord laced through fabric loops

SIZES
Square; made to measure

A ketch under sail, with navy cord laced through fabric loops on all four sides. Here the edge is the design, a hand-finished detail that turns a simple canvas cushion into a considered piece for the deck.

Anchor, Off-Centre

REF. MIRA-DP-013

BASE
Coral linen

DESIGN
Anchor appliqué, white

EDGE
Self-piped

SIZES
Square; made to measure

Placed low and to the right rather than centered, so a pair reads as one composition side by side. A white anchor lifts a soft coral ground, the cushion designed to be bought and styled in twos.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Awning Stripe and Solids

REF. MIRA-DP-014

BASE
Navy, white, red

DESIGN
Pieced awning stripe and plain covers

EDGE
Matching piping

SIZES
Square and lumbar; made to measure

The working half of any order. Pieced awning stripes and plain covers with matching piping, made in outdoor fabrics that live on deck through salt and sun, the volume pieces that fill a cockpit around the embroidered accents.

Crab, Shell, Coral

REF. MIRA-DP-015

BASE
Taupe linen

DESIGN
Tonal appliqué, ivory and pale sand

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

For interiors briefed as nothing loud. Crab, shell and coral worked in ivory and pale sand on a taupe linen, so the motif reads in texture and raking light rather than in colour, the piece for a scheme that wants the nautical note whispered.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Solid Linen

REF. MIRA-DP-016

BASE
Washed linen

DESIGN
Solid; ivory, oatmeal, sand, sage, sky

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

The calm base of any cabin scheme. Washed linen in a single soft tone, from ivory and oatmeal to pale sage and sky. Cut to the seating so a berth or settee reads as one set, with room for a name or monogram if the boat wants one.

Solid Velvet

REF. MIRA-DP-017

BASE
Velvet

DESIGN
Solid; navy, sand, pearl gray

EDGE
Self-piped

SIZES
Square and lumbar; made to measure

Depth without pattern. A dense velvet in navy, sand or pearl gray that catches the light where a flat weave would sit dull. The cushion that anchors a master stateroom against white bedding and pale joinery.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Textured Weave Lumbar

REF. MIRA-DP-018

BASE
Textured weave

DESIGN
Navy and white nubby weave

EDGE
Knife edge

SIZES
Lumbar; made to measure

Texture as the only accent. A nubby navy and white weave that reads up close and from across the cabin. Sized as a lumbar to sit in front of solid squares and break up the row without adding a single motif.

Banded Lumbar

REF. MIRA-DP-019

BASE
Ivory cotton

DESIGN
Two navy bands

EDGE
Navy piping

SIZES
Lumbar; made to measure

Tailored and quiet. Two navy bands set on an ivory cotton ground, finished with fine navy piping. Clean enough for a modern stateroom, and the natural partner to the solid linen and velvet squares.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Banded Lumbar, Named

REF. MIRA-DP-020

BASE
Ivory cotton

EMBROIDERY
Yacht name between navy bands

EDGE
Navy piping

SIZES
Lumbar; made to measure

The simplest way to put the vessel's name in the cabin. The same banded lumbar, with the yacht's name embroidered between the bands in navy or a thread matched to the boat. It reads as part of the interior, not as branding.

Flange Edge Linen

REF. MIRA-DP-021

BASE
Ivory linen

DESIGN
Flat flange, navy stitch line

EDGE
Flange

SIZES
Square; made to measure

A hotel classic, cut for the berth. Ivory linen with a flat lange border and a fine line of navy stitching. Crisp on a made bed and calm on a settee, the most tailored of the solid cushions.

Squares and lumbar as standard. Any size or shape, measured aboard, no upcharge.
Any design, weight or fabric the yacht needs is made to order.

Vintage Vineyard

REF. MIRA-TD-001

MOTIF
Classical busts and grape vines

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A classical motif for the formal dining table. Busts and trailing vines in a soft, faded palette that reads as heritage rather than pattern, and settles into the saloon without competing with it.

Heritage

REF. MIRA-TD-002

MOTIF
Traditional ceramic plate motifs

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

Mediterranean tableware, translated to cloth. Ceramic plate motifs in greens and blues bring a lunch table to life on deck, and the cotton washes and presses like a good napkin.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Avian Frame

REF. MIRA-TD-003

MOTIF
Oval frame of detailed birds

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A naturalist's motif for a considered table. Finely drawn birds are gathered inside an oval frame, a centrepiece pattern that rewards a closer look and sits well on a longer formal table.

Classical Equestrian

REF. MIRA-TD-004

MOTIF
Horse figure, ornate scrollwork

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A monochrome classical study. A single equestrian figure sits within ornate scrollwork, restrained in colour so it dresses a table with heritage rather than pattern, at home in a panelled dining saloon.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Belle Époque

REF. MIRA-TD-005

MOTIF
Vintage ladies and folding fans

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A decorative period motif with a lighter touch. Vintage figures and folding fans give a lunch table a sense of occasion, the cloth for a boat that likes its interiors with a little theatre.

Azure Majolica

REF. MIRA-TD-006

MOTIF
Blue and white geometric tile

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

Mediterranean tilework, brought to the table. A blue and white geometric majolica pattern reads as fresh and coastal, the natural choice for al fresco lunch on deck and the easiest to build a table around.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Sicilian Heritage

REF. MIRA-TD-007

MOTIF
Suns and folklore scenes

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

The warmest, most characterful of the range. Sicilian suns and folklore scenes fill the cloth with colour, for a relaxed deck table that wants to feel like a harbour trattoria rather than a formal dining room.

Amalfi Lemon Mandala

REF. MIRA-TD-008

MOTIF
Citrus and dark teal foliage

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

Coastal citrus in a mandala arrangement. Lemons and dark teal foliage circle out from the centre, bright against a white ground, the summer table for a boat cruising the Amalfi coast and the islands.

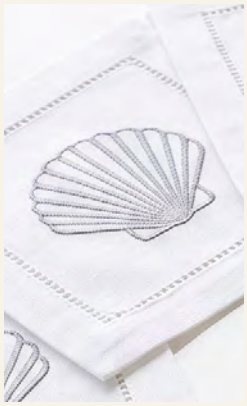

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Embroidered Coasters

REF. MIRA-TD-009

MOTIF
Tonal shell, starfish and coral

FIBRE
100% Aegean cotton

SHAPES
Square

SIZES
Set of six; made to measure

Small pieces that set the tone. White cotton coasters with a ingle shell, starfish or coral embroidered in soft gray thread and a hemstitched border. Made in sets of six, sized to the glassware and matched to the table linens.

Laurel Scalloped Placemat

REF. MIRA-TD-010

MOTIF
Laurel sprig, scalloped edge

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A placemat that dresses the table on its own. Ivory Aegean cotton with a scalloped edge outlined in sand thread and a fine laurel sprig embroidered at one side. Specified in sets for the dining table, it works with or without a cloth underneath.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Solid Off-White

REF. MIRA-TD-011

MOTIF
Solid off-white

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

The cloth most yachts actually specify. A plain off-white weave in long-staple Aegean cotton with a clean hemmed edge. It lets the china, glass and view do the work, from a formal saloon dinner to lunch on the aft deck.

Solid Pale Sage

REF. MIRA-TD-012

MOTIF
Solid pale sage

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A quiet color for the lunch table. Plain Aegean cotton in a soft pastel sage with a matte finish. It sits easily with white china and teak, bringing a little color to the deck without adding pattern.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Solid Sky

MIRA-TD-013

MOTIF
Solid pale sky blue

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

A pale blue for long lunches at anchor. Plain Aegean cotton in a soft pastel sky with a matte finish. It picks up the water beyond the rail and sits easily with white china and navy napkins.

Solid Sand

MIRA-TD-014

MOTIF
Solid sand

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

Warmth without pattern. Plain Aegean cotton in a soft sand tone with a matte finish. It sits between the teak and the white lacquer, calm enough for a formal dinner and easy enough for every day.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Navy Border

MIRA-TD-015

MOTIF
Narrow navy border band

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

One line carried through the boat. Off-white Aegean cotton framed by a narrow navy border band. It ties the table to the navy border towels and banded cushions, so the saloon reads as one scheme.

Named Corner

MIRA-TD-016

MOTIF
Yacht name or monogram at the corner

FIBRE
100% Aegean cotton

SHAPES
Rectangular, round, oval, custom

SIZES
Measured to the table; made to measure

The yacht's name, placed where the cloth falls. Off-white Aegean cotton with the name or a monogram embroidered at one corner in navy or a thread matched to the boat. Quiet on the table, it shows only as the corner drapes.

All pieces woven in Turkish Aegean cotton. Runners and napkins matched on request. Any design, weight or fabric the yacht needs is made to order.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders. Any design, weight or fabric the yacht needs is made to order.

Performance Polo, men's

REF. MIRA-CU-001

MODEL
Certified quick-dry performance knit

CLOTH
Three-button placket, ribbed collar

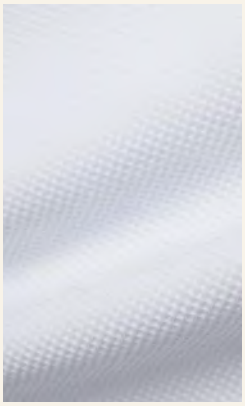

SIZES
S to 3XL

BRANDING
Chest embroidery, sleeve flag, back yoke

The core of the working kit. Moisture moves off the skin and through the face of the fabric instead of sitting in it, so it stays dry through wash-down, tender runs and a midday sun. Tipped or plain collar.

Performance Polo, women's

REF. MIRA-CU-002

MODEL
Certified quick-dry performance knit

CLOTH
Women's block, shaped waist

SIZES
XS to 2XL

BRANDING
Chest embroidery, sleeve flag, back yoke

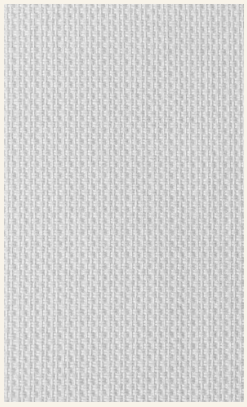

The same cloth cut on a women's block. Shaped through the waist and narrower at the shoulder, specified alongside the interior skirt or the standard crew short so a mixed crew reads as one uniform.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders.
Any design, weight or fabric the yacht needs is made to order.

Performance Crew Short

REF. MIRA-CU-003

MODEL
Matched performance cloth

CLOTH
Flat front, 9″ inseam, slant pockets

SIZES
28 to 40

BRANDING
Tonal or embroidered

The default deck short. Cut in the same performance cloth as the polos so the whole kit dries at the same rate, it takes a belt, holds a crease and dries on the rail, matched in grey and navy to the tops.

Performance Interior Skirt

REF. MIRA-CU-004

MODEL
Matched performance cloth

CLOTH
A-line, flat front, concealed side zip

SIZES
XS to 2XL

BRANDING
Tonal or embroidered

The lower half of the interior day uniform. An A-line skirt cut just above the knee, grey and navy matched to the polo colours rather than approximated, so a stewardess reads as one clean line from collar to hem.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders.
Any design, weight or fabric the yacht needs is made to order.

Cotton Piqué Polo, men's

REF. MIRA-CU-005

MODEL
Cotton piqué

CLOTH
Ribbed collar and cuffs

SIZES
S to 3XL

BRANDING
Chest embroidery or tonal

The polo for guest-facing hours. Cotton presses better and photographs better than performance knit, cut on the same block so a crew can switch cloth without re-sizing, the shirt for lunch and evening service.

Cotton Piqué Polo, women's

REF. MIRA-CU-006

MODEL
Cotton piqué

CLOTH
Women's block, shaped body

SIZES
XS to 2XL

BRANDING
Chest embroidery or tonal

The women's cut of the service polo. Shaped through the body with a shorter sleeve, it pairs with the interior skirt for interior crew or the crew short for a uniform deck look, matched to the men's for a consistent line.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders.
Any design, weight or fabric the yacht needs is made to order.

Cotton Jersey Crew Tee

REF. MIRA-CU-007

MODEL
Combed cotton jersey

CLOTH
Straight crew neck

SIZES
S to 3XL

BRANDING
Chest or back print

The off-watch and passage layer. A straight-cut combed cotton tee in navy and white, soft enough for the crew mess and the one most often ordered with a back print for a boat's own crew mark.

Bonded Softshell Jacket

REF. MIRA-CU-008

MODEL
Bonded three-layer softshell

CLOTH
Full zip, zipped hand pockets

SIZES
S to 3XL

BRANDING
Chest embroidery, back yoke

For the crossings, the shoulder seasons and the night watches. A bonded three-layer softshell, wind and shower resistant with stretch through the shoulder, in navy, grey, black or red to match the boat.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders.
Any design, weight or fabric the yacht needs is made to order.

Ripstop Tactical Trouser

REF. MIRA-CU-009

MODEL
Ripstop

CLOTH
Articulated knee, cargo pockets

SIZES
S to 3XL

BRANDING
Tonal

The engineering and yard-period trouser. Ripstop with an articulated knee and the pockets the technical crew actually need, a working trouser that does not pretend to be a dress trouser, in dark colours only.

Galley Chef Jacket

REF. MIRA-CU-010

MODEL
Cotton blend

CLOTH
Stand collar, concealed stud placket

SIZES
XS to 3XL

BRANDING
Chest or sleeve embroidery

The whites, cut for heat and movement rather than a restaurant floor. A stand-collar jacket with a concealed placket and a vented back, in white or navy, offered long or short sleeve so the chef can choose by season.

Sized on board. Boat name, rank or burgee embroidered in house; artwork held on file for reorders.
Any design, weight or fabric the yacht needs is made to order.

Made to measure.
It is simply how we cut.

Standard sizes exist in this catalogue because they are useful shorthand.
Almost nothing we ship is standard. Here is how an order actually runs.

01	**Measure**	Send your specs, cabin list or GA drawings, or we come aboard and measure. Length, width at head and foot, mattress depth, corner radius.
02	**Specify**	We return a line-item quote, cabin by cabin, with material options and alternates where the budget can flex.
03	**Approve**	Swatch cards and, on larger packages, a sample set for the master cabin. Nothing goes into production until the hand is approved.
04	**Produce**	Cut and sewn to your measurements at OEKO-TEX certified mills. Monograms, contrast piping and boat-name embroidery at this stage.
05	**Deliver**	Consolidated, documented and shipped to the yard or the dock. About three to four weeks in production and quality control, plus transit, worldwide.
